

3-Aminopropyltriethoxysilane

Features of 3-Aminopropyltriethoxysilane China

- Product Name: 3-Aminopropyltriethoxysilane
- Chemical Formula: C₉H₂₃NO₃Si
- CAS No.: 919-30-2
- Dangerous Grade: 8

Technical Data of 3-Aminopropyltriethoxysilane

ITEMS	SPECIFICATION
Appearance	Colorless transparent liquid
Reactive index(n _{25D})	1.4220±0.0050
Assay	98%

Package and Storage:

- 200kg/drum or 950kg/IBC drum
- Store in a cool, dry place. Keep container closed when not in use

Application /Application Industries:

- Plastic products
- Rubber

- Adhesive
- Coating

Nanjing Chemical Material Corp.

ADD: 12/F, Block B, Technology and Innovation Building, Nanjing University of
Technology, No.5 New Model Road, Nanjing 210009, China
