

## Allyl Glycidyl Ether

### Features of Allyl Glycidyl Ether

- Product Name: Allyl Glycidyl Ether
- Chemical Formula: C<sub>6</sub>H<sub>10</sub>O<sub>2</sub>
- CAS No.: 106-92-3
- Dangerous Grade: 3

### Technical Data of Allyl Glycidyl Ether

Item	Unit	Specification	Result
Allyl glycidyl ether	%	≥99.5	99.75
Moisture	%	≤0.05	0.028
Chloride content	%	≤0.01	0.0022
Color	APHA	≤20	10
Peroxide	%	≤0.02	0.0001

### Package and Storage:

- 190kg/drum
- Store in a cool, dry place. Keep container closed when not in use

**Application /Application Industries:**

- Epoxy resin
- Adhesive
- Intermediates of coating reaction

Nanjing Chemical Material Corporation. (NCMC), is a professional chemical distributor company which is set up through the restructuring of state-owned Nanjing Chemical Raw Material Head Company. It was founded in 1995 at first and restructured in 2007. The company is headquartered in Nanjing, with 2 offices in Guangzhou and Tianjin. NCMC has established close cooperative relations with BASF, EASTMAN, AkzoNobel, Chevron Phillips, Cabot, Lonza, SABIC, Honeywell, Evonic, Oleon, Showa Denko, Idemitsu, UBE, etc. Based on its own R&D center and production base, NCMC is also engaged in research, manufacturing, storage and logistics, for an integrated service and customized solutions to our suppliers and customers.

We support various industries with superior quality products, including lubricants and metal-processing, personal care, C.A.S.E, pharmaceutical and pesticide, oil and water treatment, flavors and fragrances, organic & inorganic chemicals, ect.

The mission in NCMC is to be a bridge connecting dreams between China market and our partner in other countries, on the principle of equality, mutual benefit and win-win cooperation.
