

## Propionyl Chloride

### Features of China Propionyl Chloride

- Product Name: Propionyl chloride
- Chemical Formula: C<sub>3</sub>H<sub>5</sub>ClO
- CAS No.: 79-03-8
- Dangerous Grade: 3

### Technical Data of Propionyl Chloride

Item	Specification
Appearance	Colorless transparent liquid
Assay	≥99.0%
Boiling range(78-81°C)	≥90.0%(v/v)

### Package and Storage:

- 200kg/drum
- Keep container closed when not in use. Keep from contact with oxidizing materials. Store in a cool, dry, well-ventilated area away from incompatible substances. Keep away from water. Flammables-area. Keep away from acids. Do not store near alkaline substances. Keep away from strong bases.

**Application /Application Industries:**

- Pharmaceutical intermediates
- Used for organic synthesis

Nanjing Chemical Material Corporation. (NCCM), is a professional chemical distributor company which is set up through the restructuring of state-owned Nanjing Chemical Raw Material Head Company. It was founded in 1995 at first and restructured in 2007. The company is headquartered in Nanjing, with 2 offices in Guangzhou and Tianjin. NCCM has established close cooperative relations with BASF, EASTMAN, AkzoNobel, Chevron Phillips, Cabot, Lonza, SABIC, Honeywell, Evonic, Oleon, Showa Denko, Idemitsu, UBE, etc. Based on its own R&D center and production base, NCCM is also engaged in research, manufacturing, storage and logistics, for an integrated service and customized solutions to our suppliers and customers.

NCCM, Propionyl Chloride manufacturer support various industries with superior quality products, including lubricants and metal-processing, personal care, C.A.S.E, pharmaceutical and pesticide, oil and water treatment, flavors and fragrances, organic & inorganic chemicals, ect.

The mission in NCCM is to be a bridge connecting dreams between China market and our partner in other countries, on the principle of equality, mutual benefit and win-win cooperation.
